

N600R IP filter settings

It is suitable for : **N600R, A800R, A810R, A3100R, T10, A950RG, A3000RU**

Application introduction:

Solution about how to configure IP Address and Port Filtering on TOTOLINK .

STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering http://192.168.0.1 into the address bar of your browser.

Note:

The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

STEP-2:

User Name and Password are required, by default both are **admin** in lowercase letter. Click **LOGIN**.

USER LOGIN

IP/Port Filtering

Entries in this table are used to restrict certain types of data packets from your local network to Internet through the Gateway. Use of such filters can be helpful in securing or restricting your local network.

On/Off **3** Enable ▼

Add a rule

IP Address 192 . 168 . 0 . **4** Scan

Protocol TCP+UDP ▼

Port Range - - 1-65535
