TOTO LINK

The Smartest Network Device

10/100Mbps PCI Network Adapter

Model No. P100

PCI interface

1*10/100 Mbps

Strong system compatibility

➤ Overview

10/100Mbps
PCI Network Adapter

Model No. P100

P100 is a 10/100Mbps Fast Ethernet PCI Adapter which allows users to connect to a wired network by plugging it into the desktop computer's available PCI slot. It also supports 32-bit data transmission rate and 10/100Mbps Full & Half Duplex transfer modes. So P100 can provide high performance, low CPU utilization and good compatibility to all users.

➤ Features

- Complies with IEEE 802.3/802.3u standards.
- Supports 10/100Mbps Ethernet transmission rate.
- Two LED indicators for easy diagnostic.
- Supports plug-and-play, no driver required.
- Supports Full & Half Duplex flow control.
- Supports transmission/receiving FIFO.
- Supports Windows XP/Vista/7, Linux and Mac OS.

Specification

General

Standards	- IEEE 802.3, IEEE 802.3u
Port	- 1*10/100Mbps RJ45 port
Transmission Rate	- 10/100Mbps for Full/Half-Duplex modes
Network Interface	- PCI
LED Indicator	- 1 *LINK/ACT

Others

Package Contents	- P100 Network Adapter *1 - TOTOLINK Flyer
System Requirement	- Windows 8 (32/64bits), Windows 7 (32/64bits), Windows XP (32/64bits) - Linux
Environment	- Operating Temperature: 0℃~40℃ (32℉~104℉) - Storage Temperature: -40℃~70℃ (-40℉~158℉) - Operating Humidity: 10%~90% non-condensing - Storage Humidity: 5%~90% non-condensing
