

# N600R Upgrade the software settings

### It is suitable for : N600R, A800R, A810R, A3100R, T10, A950RG, A3000RU

#### **Application introduction:**

Solution about how to upgrade Firewall on the TOTOLINK products.

#### STEP-1:

Connect your computer to the router by cable or wireless, then login the router by entering http://192.168.0.1 into the address bar of your browser.

#### Note:

The default access address varies depending on the actual situation. Please find it on the bottom label of the product.

#### STEP-2:

User Name and Password are required, by default both are admin in lowercase letter. Click LOGIN.

## **USER LOGIN**

Forget Password? **User Name** admin Password .... LOGIN

#### STEP-3: Upgrade the software setting

•

Please go to Management ->Upgrade Firmware page, and check which you have selected.

Select Check when you can surf the internet or you can click the Upgrade method and Select Local files, then Click Upgrade.
