Overview

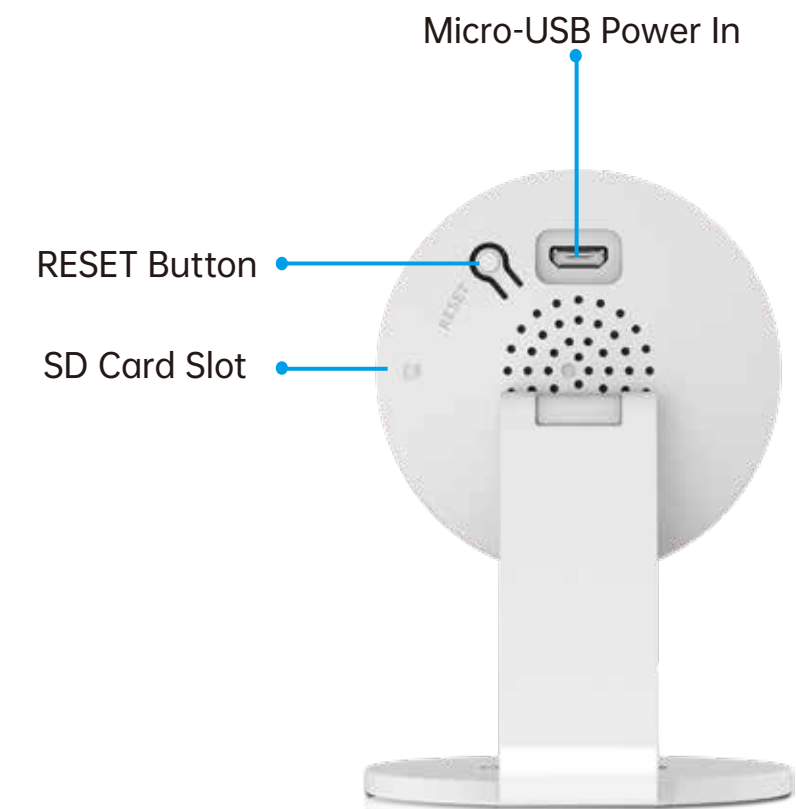

TOTOLINK C1 is a smart camera specially built for home security, equipped with 1080P camera with night vision function and two-way voice function. It can be controlled via Wi-Fi to connect to access view the camera in real time on your phone.

This product supports two-way voice real-time intercom, anytime, anywhere communication. 2 million real pixels, high transmission lens, high-quality imaging experience. 93 ° HD wide angle, no blind spots in the field of vision. 10 m enhanced infrared night vision, the same clear night.

Features

- 1080P Full HD, crystal clear lens, high-quality imaging experience.
- 93° HD wide viewing angle, wider field of view.
- 10m enhanced infrared night vision, clear day and night.
- Support motion detection, real-time alarm pushes via APP.
- Support bidirectional voice intercom at anytime and anywhere.
- View multiple cameras on the same screen, having a panoramic view.
- TF card enables recording without network, cloud storage is more.
- Secure.
- Ceiling / Wall hanging / Placing, installation in various environments.

Highlights

1080P HD

F2.1 large aperture

2 million pixels

Low-light full-color camera
In low light conditions, switch to black and white

Maintains color images in low light conditions
TOTOLINK Smart Camera C1

Local micro SD card

Cloud storage

1080P HD picture quality, clearer imaging

Equipped with 1080P resolution, 2.0 megapixels, equipped with a large F2.1 aperture and 3D image noise reduction technology to make the picture clearer.

Full Color in Low-light , Enhanced infrared night vision

External LED infrared light, infrared distance up to 10 meters, support automatic / manual adjustment.

T-SmartLife, link everything

Log in to the T-SmartLife app on your phone, remote monitoring, safe and worry-free.

Two Storage Options

The video can be stored in local Micro SD card and cloud storage. Even the camera is damaged, or your network crashes, you can still retrieve videos based on cloud recording.

Highlights

Intelligent motion detection

Based on AI deep learning algorithms, when a person or object movement is detected, the APP warns in real time and stores the video to memory card or cloud storage.

Two-way voice calls

You can view the monitoring remotely through the cell phone APP and make two-way calls. It's easy and convenient.

Installation is ridiculously easy

3M adhesive make installation a breeze. Mount the C1 by sticking it to a smooth wall or ceiling. Once it's mounted, adjust its position manually (Vertical rotation 195°) for optimal coverage right where you need it.

50% ↓

Save 50% of video storage space

50% ↓

50% savings in bandwidth usage

New H.265 video encoding technology

New H.265 video encoding technology, up to 50% reduction in broadband usage and storage space for the same pixels and bit rate.

Specifications

Product model	C1
Image Sensor	1/3 inch CMOS
Maximum Pixels	1080P (1920×1080)
IR LED	Ring lamp, infrared distance up to 10 meters, support automatic/manual
Night vision	IR-CUT auto switch
Denoise	3D denoise
Focal length	4mm
FOV	93° Diagonal
Aperture	Fixed, F2.1
Image Compression	H.265/H.264/MJPEG
Video bitrate	Main Stream: 1.0Mbps; Sub Stream: 512Kbps
Image Frame Rate	Main Stream: 1080P@20fps; Sub Stream: 640*360@20fps
Audio input/output	Mic, Speaker
Two-way audio	Support

Multi-channel preview	Maximum support 2 channels P2P, synchronized previewing at multiple terminals
Detection	Support motion detection, human-shape detection, sound detection, Siren Alarm
SD Card Storage	Support continuous recording & event recording, up to 128G
General Features	Support customize volume, 2x playback, cloud storage, privacy mode
Button and Interface	RST button *1, SD card slot *1, Micro USB *1
Wi-Fi connection	Wi-Fi IEEE 802.11 b/g/n 2.4GHz
Wi-Fi security	64/128-bit WEP, WPA/WPA2, WPA-PSK/WPA2-PSK
Input	Micro USB, 5V 1A
Operating temperature	-10°C ~ +50°C
Operating humidity	≤95%
Package Contents	Smart Camera, USB Cable, Power adapter, 3M Adhesive, Quick Installation Guide
