SD card storage

# Overview

TOTOLINK C2 is a smart camera built specifically for home security, equipped with a 1080P camera with night vision and two-way voice function. Can be controlled via Wi-Fi, remote pan-tilt monitoring large angle, horizontal  $0^{\circ} \sim 345^{\circ}$ , vertical  $0^{\circ} \sim 50^{\circ}$ , in real-time connection access to view the camera on the phone.

This product supports two-way voice real-time intercom, anytime, anywhere communication. 2 million real pixels, high transmission lens, high-quality imaging experience. Automatic tracking and shooting, the entire record of the invasion track, no blind spots in the field of vision.

Support motion detection, real-time APP alarm push. 10 meters enhanced infrared night vision, the night is also clear.

# Features

- 1080P Full HD, crystal clear lens, high-quality imaging experience.
- Pan  $0^{\circ} \sim 345^{\circ}$ , Tilt  $-10^{\circ} \sim 40^{\circ}$ .
- 10m enhanced infrared night vision, clear day and night.
- Support motion detection, real-time alarm pushes via APP.
- Automatically track and capture their movements, recording the invasion.
- Support bidirectional voice intercom at anytime and anywhere.
- View multiple cameras on the same screen, having a panoramic view.
- TF card enables recording without network, cloud storage is more secure.
- Ceiling / Wall hanging / Placing, installation in various environments.

# Highlights

## 1080P HD picture quality, clearer imaging

Equipped with 1080P resolution, 2.0 megapixels, equipped with a large F2.1 aperture and 3D image noise reduction technology to make the picture clearer.

## Full Color in Low-light , Enhanced infrared night vision

External LED infrared light, infrared distance up to 10 meters, support automatic / manual adjustment.

Low-light full-color camera  
In low light conditions, switch to black and white

Maintains color images in low light conditions  
TOTOLINK Smart Camera C1

## New H.265 video encoding technology

New H.265 video encoding technology, up to 50% reduction in broadband usage and storage space for the same pixels and bit rate.

## Two Storage Options

The video can be stored in local Micro SD card and cloud storage. Even the camera is damaged, or your network crashes, you can still retrieve videos based on cloud recording.

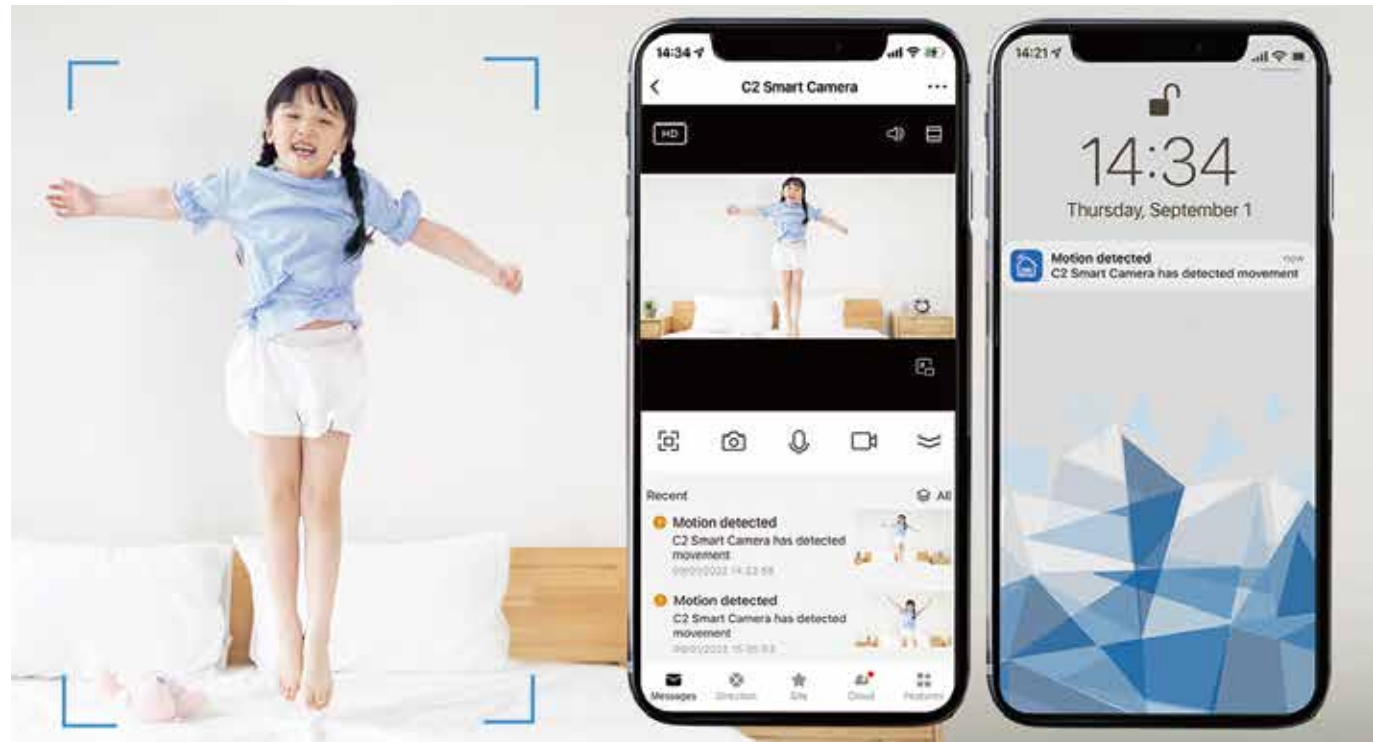

**50% ↓**

Save 50% of video storage space

**50% ↓**

50% savings in bandwidth usage

# Highlights

## Intelligent motion detection

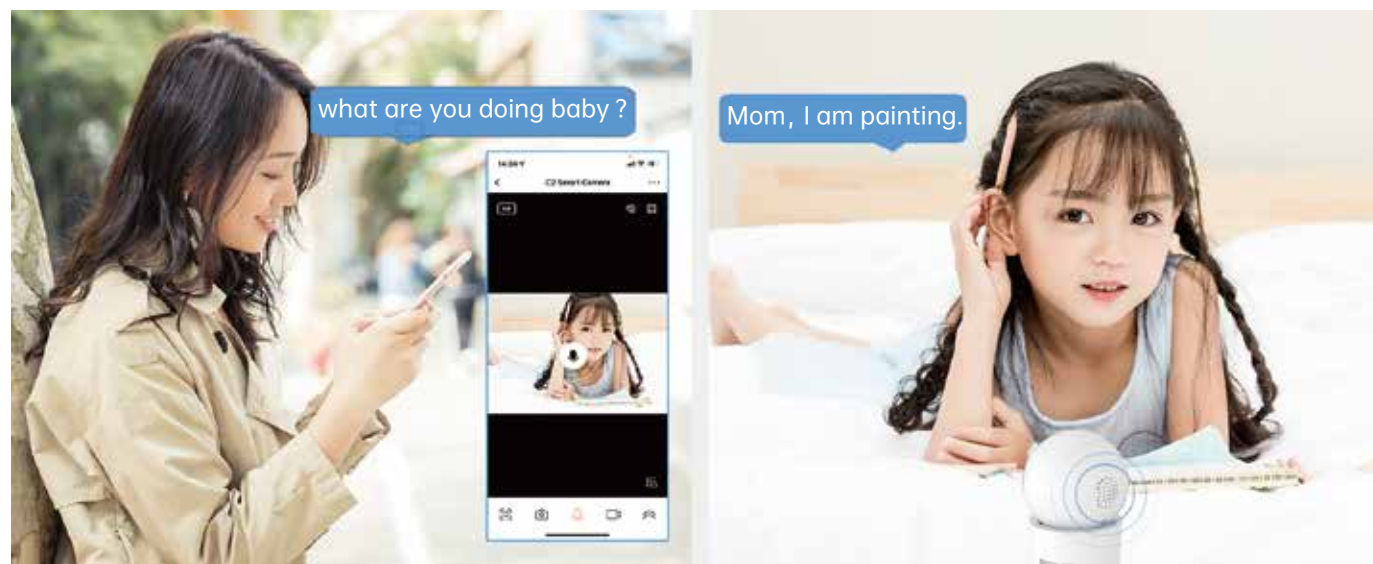

Based on AI deep learning algorithms, when a person or object movement is detected, the APP warns in real time and stores the video to memory card or cloud storage.

## 360° Super large pan-tilt view

Horizontal rotation 345°, Viewing angle 360°, Vertical rotation 50°. Its expansive 360-degree field-of-view ensures full coverage, so you don't miss a thing.

## Two-way voice calls

You can view the monitoring remotely through the cell phone APP and make two-way calls. It's easy and convenient.

## T-SmartLife, link everything

Log in to the T-SmartLife app on your phone, remote monitoring, safe and worry-free.

## Multiple mounting options

Camera can be placed directly on the desktop, or install the "Base" on the wall mounting or ceiling, then buckle the "Camera" on the "Base" and rotate. The screen rotation function in APP is necessary when you install camera on the ceiling.

# Specifications

Product model	C2
Image sensor	1/3 inch CMOS
Maximum Pixels	1080P (1920×1080)
IR LED	Ring lamp, infrared distance up to 10 meters, support automatic/manual
Night vision	IR-CUT auto switch
Denoise	3D denoise
Focal length	4mm
FOV	horizontal 78°, vertical 43°, diagonal 93°
PTZ Control	Pan: 0°~345°, Tilt: -10°~40°
Aperture	Fixed, F2.1
Image Compression	H.265/H.264/MJPEG
Video bitrate	Main Stream: 1.0Mbps; Sub Stream: 512Kbps
Image Frame Rate	Main Stream: 1080P@20fps; Sub Stream: 640*360@20fps
Audio input/output	Mic, Speaker
Two-way audio	Support

Multi-channel preview	Maximum support 2 channels P2P, synchronized viewing at multiple terminals
Detection	Support motion detection, human-shape detection, sound detection, Siren alarm
SD card storage	Support continuous recoding & event recording, up to128G
General Features	Support customize volume, simple cruising, 2x playback, cloud storage, privacy mode
Button and Interface	RST button *1, SD card slot *1, Micro USB *1
Wi-Fi connection	Wi-Fi IEEE 802.11 b/g/n 2.4GHz
Wi-Fi security	64/128-bit WEP, WPA/WPA2, WPA-PSK/WPA2-PSK
Input	Micro USB, 5V 1A
Operating temperature	-10°C ~ +50°C
Operating humidity	≤95%
Package Contents	Smart Camera, USB Cable, Power adapter, Mounting Bracket, Screw bag, Quick Installation Guide
